Entry Doors by Design

Make a smart investment.

“An enhanced entry door makes a home look more expensive and custom. It adds character to the home.”

- Homeowner Survey Respondent

Fresh look. Increased value.

In a recent survey, real estate agents were shown images of various homes, including some that had been modified with a new Therma-Tru door, and asked to estimate the value of the home. While results varied, the survey suggests choosing a Therma-Tru door that complements the home's architecture could **add up to 7% to the perceived value** of a remodeled home.*

Make a great first impression.

The front door plays a big role in the home's overall appeal – it's nearly impossible to ignore when walking into a home. Make a great first impression, whether it's with friends and family or prospective buyers.

*Not a guarantee of investment returns, increase in value or selling price. See 2021 Therma-Tru National Home Valuation Study surveying real estate agents about perceived remodeled home value estimates based on exterior appearance. Not based on actual home sales data. Results may vary based on region, door style and home style. Study was commissioned by Therma-Tru and conducted by the Farnsworth Group, an independent research provider.

The door says a lot about a home.
Let us help you find inspiration.

Choose a door that brings out the best of your home's style. It starts with a stylish front entry door from Therma-Tru.

Using this Guide

For simplicity, all examples shown are 3'0" x 6'8" single doors. More sizes and configurations are available. As are different surfaces, glass designs and other options. See the Full-Line Catalog or thermatru.com.

Take the Architectural Home Style Quiz and find out your personal style at thermatru.com/style-quiz.

Discover the latest home design trends.

NEW CENTURY MODERN

Nostalgic design meets modern, streamlined details. Seamless connections to nature, low-slung eaves and sleek angles create visual interest.

RELAXED COLONIAL

Traditional elements meet comfortable classics in a relaxed take on Colonial style. Graceful curves and tailored details combine with soft finishes to create a “dressy casual” look.

CREATIVE CRAFTSMAN

The Craftsman gets creative with two-tone color blocking, mixed materials and pale, cheerful hues. Farmhouse textures add cozy, comforting appeal.

MODERN TUDOR COTTAGE

This unique Tudor variation is all about mixed textures in neutral hues. Crisp angles and gentle curves create graphic interest while showcasing tailored elegance.

Modern

Focuses on clean lines and asymmetrical exteriors. Fuses together industrial concrete, vinyl and glass materials.

- Flat or Shed Rooflines
- Geometric or Angular Shapes
- Expansive Windows
- Minimal Decoration

PRISMA GUARD. Stain & Paint

Express your unique style while complementing your home's overall look for an entryway you'll be proud of for years to come. PrismaGuard. premium stain and paint features a nature-inspired palette of colors. Handcrafted and professionally applied in a controlled environment, low-maintenance PrismaGuard finish preserves your door's lasting beauty and protects against normal wear and tear, saving you time and money. And it's backed by a 10-year limited finish warranty for your peace of mind.

*Patent pending.

NEW Impressions™ Integrated Storm & Entry Door System

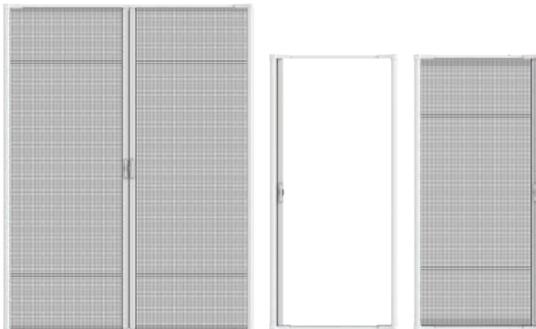

The Impressions integrated storm and entry door system* is the first of its kind, with the storm door integrated flush into the brickmould portion of the door frame, creating a purposeful, cohesive unit that provides a seamless look.

THERMA-TRU® DOORS

NEW Retractable Screen Doors

Discover a retractable screen solution with a discreet, hidden design – providing a seamless transition from indoors to outdoors. The Therma-Tru retractable screen door allows fresh air and natural light inside while keeping debris and insects out.

Built for Safety & Security

Protect your home and everything in it, from family and pets to valuables and keepsakes. Therma-Tru products are designed for durability and enhanced security with pieces and parts engineered as a complete system.

Scan to see our products put to the test.

Pendulum Impact Test

Engineered to work together.

A Therma-Tru door with genuine Therma-Tru components is more than a beautiful door – it's a complete door system. Therma-Tru manufactures or specifies every aspect – from the glass to the hinges – all engineered with craftsman precision for durability and reliability through the years.

Learn more about our system components at thermatru.com/system-components.

Warranty

We can stand behind more parts and for longer than other door companies because we make or specify everything that goes into our door systems. A Therma-Tru fiberglass door system is backed by the industry's most comprehensive lifetime limited warranty.

Energy Efficiency

More than 80% of Therma-Tru doors and glass options – thousands of choices – are ENERGY STAR® qualified.

Quality

Go ahead and slam the door. We did – over and over – to make sure our doors, glass and components live up to your toughest expectations.

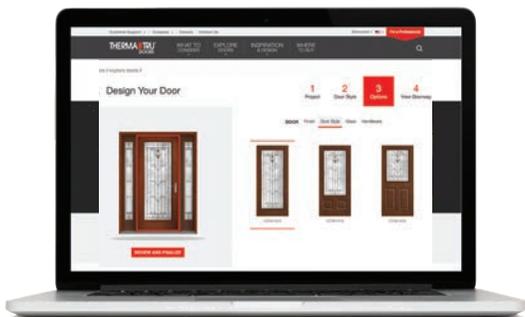

Learn more about our quality testing at thermatru.com/performance.
